1. Introduction

Rajasthan Mahila Vidyalaya is a legendary school working for girls' education since 1916. It is situated in the lap of the 'Heaven on Earth', Udaipur City in Rajasthan.

The institution saw the light of dawn under the leadership of devoted social workers and educationists on the auspicious occasion of Vijaya Dashami in 1916. It inherits the glorious historical background of Mewar. This institution has now flourished into a vast tree with many branches of educational institutions. It has now been established as one of the most prestigious organizations, preparing devoted, dedicated and responsible citizens. To meet the demand of time and to benefit every section of the society the educationists and devoted authorities of the RMV trust, thought of a new VISION and thus an English medium Co-educational School "The Vision Academy School" came into existence in 2008.

The year 2020 holds a remarkable place in the history of this educational institution as it has received the affiliation from central Board of Secondary Education (CBSE). The growth of this school speaks for the commitment, loyalty and sacrifices made by our elder generations.

School facilitates a safe, friendly, and constructive school climate for all stakeholders, where they can openly express their opinions, where they feel secure and learn to live virtuously. School believes that every child is unique and that children learn better when they are in a happy state of mind. Our learning engagements are designed to focus on developing skills that are required to become confident, lifelong learners to face the future. Integration of academic knowledge and skills across different scholastic and co-scholastic disciplines makes sure every learning leads to meaningful action.

School provides a curriculum that is dynamic, encompassing, balanced, rigorous, and relevant to supporting children to be confident and well-rounded. It is incessantly reviewed and revised to enhance student learning. Building research attitudes in children to comprehend and approach local to global issues, and to create new knowledge is our commitment towards a brighter and better world. School is committed to creating ample opportunities for children to explore, learn, and grow, thus providing exposure to the immediate world and beyond. School recognizes and identifies the strengths of children; encourage them to follow their hearts, motivate them to take up new challenges, believe in competing with themselves and improve, and help them realize the need to grow responsibly.

Summer Camp 2025 Organised at The Vision Academy School

The Vision Academy School, a unit of RMV, successfully organised Summer Camp 2025 for students with the aim of promoting skill development, creativity, fitness, and holistic learning during the summer break.

The camp offered a wide range of engaging and educational activities. Students enthusiastically participated in Zumba and Dance sessions conducted in the Upper Hall, which helped improve their fitness and confidence. Vedic Maths classes were held in Room No. 107, enabling students to learn faster calculation techniques in a fun way.

To focus on overall personality growth, Holistic Development sessions were organised in Room No. 108. Creative skills were nurtured through Mehndi designing (Room No. 110), Stitching (Room No. 112), and Creative Art (Room No. 115), where

students showcased their imagination and artistic talents.

The camp also included practical learning through Basic Computer and A/c Tally classes, giving students exposure to essential digital and accounting skills. Drama activities conducted in the Upper Hall enhanced students' communication and expression skills. Yoga sessions were organised in a joyful learning environment, promoting mental peace and physical well-being, while Skating practice took place in the back side of the school campus, adding excitement and energy to the camp.

The Summer Camp 2025 was a great success and provided students with a joyful learning experience beyond textbooks. The school management appreciated the efforts of teachers and trainers for making the camp meaningful, productive, and memorable for all participants.

Mock Drill

13th May 2025

The Vision Academy School, a unit of RMV, successfully conducted a Mock Drill on Disaster Management in the school campus to create awareness and prepare students and staff for emergency situations.

The drill was organised with the objective of educating students about safety measures and appropriate responses during disasters such as fire, earthquake, and other emergencies. Students were trained on evacuation procedures, use of emergency exits, and the importance of staying calm and alert during the crisis.

Teachers and staff members actively guided students to assemble at designated safe zones in an orderly manner. First-aid measures and basic rescue techniques were also demonstrated to make students aware of immediate response actions. The drill helped students understand the significance of teamwork, discipline, and preparedness during emergencies.

The mock drill was conducted smoothly and successfully under the supervision of the school management. It proved to be an informative and practical learning experience, reinforcing the importance of disaster preparedness and safety awareness among students.

• *Cycle Rally Energy Saving*

9th July 2025

On Wednesday, Students of our school participated in an energetic cycle rally aimed at raising awareness about energy conservation and promoting sustainable living. The event, titled "Pedal for the Future," took over 45 students, teachers, and staff cycling a 5 km route, spreading the message of "Save Energy, Save Earth."

The rally was flagged off by the School Principal at 8:00 AM from the school campus. Students carried colourful banners and placards with slogans such as "Switch Off to Switch On the Future," "Cycle More, Consume Less," and "Energy Saving is National Saving."

The procession moved through the main streets of the neighborhood, encouraging residents to adopt habits like turning off unnecessary lights, using public transport, and choosing bicycles for short distances to reduce carbon emissions.

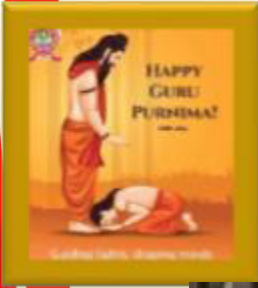

"Our goal is to educate not just our students, but the community at large about the urgent need to save energy," said Dr. Pratima Samar, the school principal. "Cycling is an eco-friendly mode of transport that helps reduce pollution, and this rally is a small step towards a greener tomorrow," she added.

The rally returned back at the school, where participants pledged to reduce their energy footprints.

Resource persons Sunanda Kumari, Kapil Sahu, and Nadeem's team from Honda Company provided valuable insights on road safety rules and regulations. A quiz session was also conducted, and students who gave correct answers were awarded prizes.

The school's Principal, Dr. Pratima Samar, welcomed the guests with traditional honors. All the students took a pledge to follow traffic rules. Dr. Samar emphasized how adhering to certain rules can ensure a safe life. The program was coordinated by Ankita Parikh, with Shipra Chaturvedi serving as the Guider and Umesh Chandra Purohit as the Scout Master.

Fun & Learn 3 Days Workshop

18th to 20th July 2025

Day One The Vision Academy School organized a creative competition on the theme "Don't Dump, Design - Reuse the Bottle and Save the Planet".

The objective was to raise environmental awareness and promote a culture of reuse among students. Students, along with their parents, transformed empty plastic bottles into beautiful and functional items.

The school's Principal, Dr. Pratima Samar, and Vice Principal, Mrs. Maansi Tikku, appreciated the participants' efforts, highlighting that such activities help children understand their role in building a sustainable future. They emphasized that reusing is not just a habit but a mindset that can create a greener future. The winners were awarded cash prizes and gifts, concluding the program on a successful note.

Day Two

The Vision Academy School organized an engaging and health-promoting competition called "Go Green Eat Clean Salad Symphony."

The objective of this competition was to raise awareness among children about balanced diets and promote the habit of including green vegetables and fruits in their meals.

The participants prepared a variety of colorful and nutritious salads, with some opting for traditional recipes and others experimenting with fusion styles. The children creatively presented their salads, explaining the health benefits of each dish.

The school's Principal, Dr. Pratima Samar, and Vice Principal, Mrs. Mansi Tikku, appreciated the efforts of all participating parents and highlighted that the Salad Symphony competition not only showcased creativity but also conveyed the important message that "healthy eating is the key to a healthy life." At the end of the program, the winners who secured the first, second, and third positions were awarded cash prizes, and the children received attractive gifts.

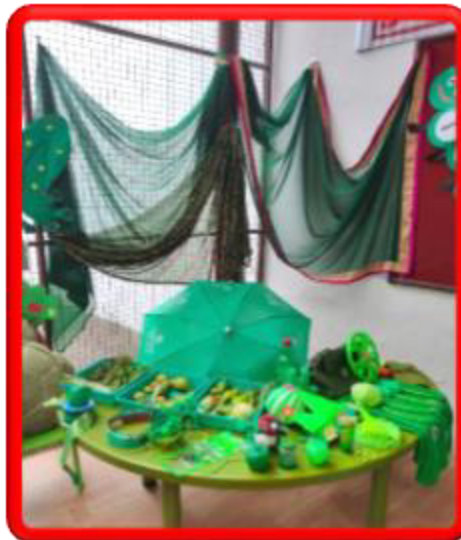

Day Three

The Vision Academy School organized a grand Greenovation activity as part of a three-day creative workshop on July 19th.

In this special event, mothers participated by wearing traditional Lehriya (green-colored) attire, while children wore green outfits, showcasing their dedication to the environment.

During the program, children planted saplings, learning about the importance of nature conservation. Additionally, a ramp walk was organized, where children and mothers actively participated.

The activity aimed to promote environmental conservation and cultural traditions.

Hariyali Amavasya (Plantation Drive)

24th July 2025

The students of Class I to V at The Vision Academy School enthusiastically participated in a Plantation Drive.

This eco-friendly initiative aimed to promote environmental awareness and instill a sense of responsibility among young minds. The students planted saplings and learned about the importance of greenery and sustainability. Such activities help foster a love for nature and encourage students to become environmentally conscious citizens.
